

# Announcement

## 14001 / 2004

We are pleased to announce that Stonbury Ltd, have recently been successful in achieving certification to the internationally recognised Environmental Standard ISO 14001/2004.

Stonbury operates an Environmental Management System contained within our existing Company Operating Procedures, which requires a structured framework for managing the organisations significant environmental impacts.

We would be pleased if you would update our profile within your data base's accordingly.
